

## Mouse Anti-TB 38KD Antigen Monoclonal Antibody Datasheet

<b>Product Name:</b> mAb anti-TB 38KD Antigen		<b>Clone No.:</b> C11B10	
<b>Catalogue No.:</b> MO-I40021C		<b>Quantity:</b> 0.5 mg/vial	
<b>Description:</b>	Mouse monoclonal antibody (mAb) to recombinant TB 38KD antigen cloned from virulent strain H37Rv	<b>Research Area:</b>	Bacteriology
<b>Purification:</b>	Protein G affinity purified	<b>Background:</b>	<i>M. tuberculosis</i> is the bacterium that causes tuberculosis in lungs. <i>M. tuberculosis</i> infection is currently screened by tuberculin skin test which may show false positive because of BCG vaccination, or false negative in immuno-compromised individuals. Chest X-ray and sputum test are used for confirmation of infection. Blood detection of <i>M. tuberculosis</i> specific proteins including ESAT-6, CFP10 and 38kD antigen, could be proven useful for testing active pulmonary tuberculosis.
<b>Product Type:</b>	Primary antibody	<b>Applications:</b>	<b>ELISA:</b> The mAb reacts with the recombinant <i>M. tuberculosis</i> (TB) protein in ELISA assay. <b>Western Blot:</b> The mAb detects the recombinant <i>M. tuberculosis</i> (TB) protein on Western blot.
<b>Target Protein:</b>	<i>M. tuberculosis</i> (TB) 38KD antigen	<b>References:</b>	If research is published using this product, please inform Anogen in order to cite the reference on this datasheet. Anogen will provide one unit of product from same category of choice as gratitude.
<b>Immunogen:</b>	A recombinant <i>M. tuberculosis</i> (TB) protein cloned from the gene of the 38KD antigen in virulent TB strain H37Rv.		
<b>Fusion Myeloma:</b>	Sp2/0-Ag14		
<b>Specificity:</b>	The mAb is reactive to the above mentioned recombinant <i>M. tuberculosis</i> (TB) protein. Reactivity with the native 38KD antigen in TB H37Rv has not been tested.		
<b>Host / Isotype:</b>	Mouse, IgG2a Kappa		
<b>Formulation:</b>	Lyophilized in 0.01M PBS, pH 7.0		
<b>Reconstitution:</b>	Double distilled water is recommended to adjust the final concentration to 1.00mg/mL.		
<b>Storage:</b>	Store at -20°C		

This product is for LABORATORY RESEARCH USE and further manufacture ONLY, and cannot be administrated to human and animals for use in diagnostic and therapeutic procedures.

Manufactured by ANOGEN - A Division of YES Biotech Laboratories Ltd.
